Baltimere 16, Louisville 6. Washington 10, St. Louis 8. Cincinnati 8, Boston 4. Athletic 4, Columbus 0. There was fine weather, a large crowd and an in-teresting game of baseball at Eastern Park, Brooklyn, yesterday afternoon. The game was the final contest of the present series between the Brooklyn and Philadelphia teams, the Bridegrooms winning and making

It was warm in the city yesterday, but at Eastern Park the weather was delightful. Hazy clouds inter-cepted the hottest shafts from the sun and a stirring breeze tempered the atmosphere to a state where it was a positive pleasure to live and breathe. The attendance was 6,566, just enough comfortably to fill the stands without experience. the stands without crowding. About 700 women were

in the upper tier, resplendent in spring attire. The Philadelphia men did not play with their usual determination and were beaten more through sleepiness or laziness than superior playing. Thornton started to pitch, but Gleason had to be called to his relief in the sixth inning. Burns played short stop on the

Neither side made a run until the third inning, when the visiting players got one and took the lead. Hamilton, the first batsman, sent the ball spinning to the

left-field fence for a home run.

In the last half of the inning the Bridegrooms scored three runs amid the wildest applause. Errors by shindle and Delehanty were responsible for the runs. Lovett reached first on an error by Shindle. Collins then hit between left and centre fields, but Delehanty allowed the ball to pass him and both Collins and Lovett cored on the error. With two out Burns popped up little foul fly which Thornton muffed. It was such an "amateurish" play that even Thornton had to laugh. Burns showed his appreciation by knocking the next ball pitched over the left-field fence for a home run. The drive was a terrific one, the ball striking a house beyond the railroad trucks, and rebounding fifty feet

The Bridegrooms further increased their lead with two more runs in the fourth inning, Thornton becoming even more eccentric than usual. O'Brien was sent to first on called balls, and Daly made a two-base hit to right field. Kinslow sent a long fly to centre field, and O'Brien scored. Daly scored on a sacrifice by

The Philadelphia men made one basehit in the fifth inning, but the ball Myers hit went over the left-field fence, and it was good for a home run. This left the score at 5 to 2 in favor of Brooklyn.

It is seldom that the circuit of the bases is made on an error, but this feat was accomplished in the seventh inning. Fontz hit the ball at Myers, but that player let it get by him, and a- the Quaker outfield was slow. Foutz got a home run.

The visiting team had an excellent chance to win the game in the ninth inning, but they were too tired or lazy or afraid or sleepy to take advantage of the opportunity. Shindle got to first on a fumble by Burns, but he was immediately forced out at second by Delehanty. Then Thompson hit safely. Myers was sent to first on ca'led balls, and Lovett was rattled, and also sent Clements to first, forcing home Delcharty Brown sent a long fly to right field, but Thompson forgot to run home. Allen then hit to centre field, and Thompson scored, but Myers, who also attempted to score, was put out at the plate, and the two teams moved their sleepy way westward. The score was as

The Amateur League season opened at Englewood, N. J., yesterday, and the home team had a walkover. The heavy hitters of the Crescents could not bat Westervelt, and he struck fourteen of them out. The Field Club's players played a great game, Cumming pied Club's players played a great game, Cumming making three earned runs. Gaunt threw well, and few bases were stolen. Murphy was not catching his asual game, and made two errors. Winters could not pitch at all, and was batted fuciously. The field club has lost every practice game so far, but the League opening was decidedly auspicious. Ford cut off a base-his of Cummings, and made some other fine plays. The score:

### FOR RHEUMATISM

Which is caused by an acid in the blood, the best remedy is Ayer's Sarsa paril'a. Abundant testimony shows that where all other treatment fails, the persevering use of Ayer's Sarsaparilla effects a complete cure. H. P. Green, of Johnstown, Ohio, writes: "For over fifteen years I suffered untold misery from rheumatism. Physicians' prescriptions, as well as the various specifics, proving of no avail, I at length concluded to give Ayer's Sarsaparilla a persistent trial. I have used in all about eighteen bottles, and am now enjoying perfect health. The expense for this medicine was nothing compared with what I had put out for doctoring that did me no good whatever."

"About three years ago, after suffering for nearly two years from rheumatic gout, being able to work only with great discomfort, and having tried various remedies, including mineral waters, without relief, I saw by an advertisement in a Chicago paper that a man had been relieved of this distressing complaint, after long suffering, by taking Ayer's Sarsaparilla. I then decided to make a trial of this medicine, and took it regularly for eight months, and am pleased to say that it has effected a complete cure. I have since had no return of the disease." - Mrs. R. Irving Dodge, 110 West 125th street, New York City.

A TIE GAME AT BOSTON. GLASSCOCK'S GOOD WORK PREVENTS A DEFEAT

FOR THE GIANTS. Boston, May 9 .- The New Yorks were saved from a defeat to-day largely through the batting and base running of Glasscock, who never played a better game. The home team crawled out of several small holes only by steady work and good pitching. Game was called to allow the teams to catch the train for the West. The attendance was 3,078.

Rusle pitched another great game except that he was a trifle wild at times. Umpire Hart was a little severe on New York's great pitcher on bails and sirlkes. Richardson played a remarkable game and so did Buckley and Bassett. The score was as

YALE MEN WIN AT CRICKET. THEY DEFEAT THE BROOKLYN CLUB'S TEAM-OTHER CONTESTS.

Yale University played a good game of cricket a Prospect Park yesterday, with the Brooklyn Cricket Club, and managed to add another victory to their list. The "out cricket" play of the collegians was the feature of the game, their catching, picking up and returns being everything that could be desired. The batting on both sides was poor, but H. G. Crocker and I. B. Thomas did good work with the willow for the collegians, and A. Brown made a good score for Brooklyn.

SCHOOL BOYS MAKE GOOD RECORDS SUMMARY OF THEIR THIRTEENTH ANNUAL GAMES AT BERKELEY OVAL.

nterscholastic Athletic Association of New-York City held its thirteenth annual field meeting at the Derkeley Oval, Morris Heights, yesterday. Despite the unlucky number there was a larger attendance at the meeting than ever before. The grand-stand and wings were cruded with those interested in the different schools competing, and there were fully 3,000 persons present. On the hills to the west and east the stand were many carriages, consplenous among which were two four-in-hands of the Philoretorian Society that had driven out from New-York.

The boys gave great promise of making their mark nary of the sports;

in future years as attletes. The following is a summary of the sports:

LEHIGH WINS AT LACROSSE. TOO MUCH FOR THE STEVENS INSTITUTE MEN -THE SCORE.

One of the first of the season's series of games for the lacrosse championship took place yesterday at Hoboken. The competing teams were those of Stevens and Lehigh, and both were wonderfully well matched.
Stevens got the ball first, and after hard play MacCord scored the first goal for his team. In the next seven ninutes Lehigh returned the compliment, Gjerster making a magnificently successful throw for goal. In a scramble Lehigh made its second goal a minut afterward. By clever passing Stevens made two goals in succession and then half time was called, the score tanding: Stevens, 3; Lehigh, 2.

In the next half hour Lehigh made a goal in six ninutes by a clever throw by Gjersten, and the same man twelve minutes afterward brought his team to the front by making another goal after twelve minutes play. In the next four minutes Stevens had tied the score but in the last nine minutes Banks, of Lehigh, scored a goal and a victory for his side.

BLOOD STAINS IN LEGAL EXAMINATIONS,thirty minutes to om hour; the whitish or yellowish masses of fibrin being left unaffected. The clear yellowish or brownish reloved solution thus obtained is examined spectroscopically. In the case of stains extracted immediately after daying, the two absorption bands of oxylemogbbin in the vellow and green portion of the spectrum are alone visible; if the spectrum is shaded up to the red, the methemoglobin band in the red is easily recognized. The intensity of the absorption band in the red increases with the age of the stain, and in stain foundful days to one month old it is nearly as intens as the bands in the yellow. Stains five or six month old give solutions in which the band in the red is at times the only one visible.
